

Group Testimonials

I was referred to New Dental Choice by my dentist. I looked into dental insurance with other providers, but after considering the annual premium and the coverage limits, I couldn't justify the expense. I first signed up my family to New Dental Choice, to see if the savings promised were real. That year I **easily saved two to three times the cost of the premium**. Upon re-enrollment, I gave it to all my employees. The **premium was low enough to offer New Dental Choice to my employees at no cost to them**. I have checked with all my employees to see whether they had experienced the same savings I had personally, or had any negative experiences. Almost all their dentist accepted the plan. All my employees that used the plan said it delivered as promised-significant reduction in dentist charges. **For myself, and my company New Dental Choice is the best plan available**. Thanks! Kent - Kent Harris Trucking, Corona, California

Before joining New Dental Choice we offered another insurance plan to our employees. It cost an arm and a leg to belong. If an employee needed major work done not much was covered because of deductibles and maximums to be met before the insurance paid for anything. New Dental Choice has no maximums or deductibles to meet. We decided to **change plans due to the cost difference between the plans** and also the other plan was not beneficial. The benefits of participating in New Dental Choice is that it is **very user friendly and supplies you with lists of doctors who participate** in the plan. We are a small business located in San Diego and the benefit of belonging to New Dental Choice is that it is very affordable for a small business. You can have 3-4 employees, whereas with other insurance plans there is a minimum number for group insurance. The billing system is also a plus through New Dental Choice. Geoff - The Golden Paw, San Diego, California

We are a Pedo/Ortho Dental practice in San Jose, CA. Since we are a large practice it was too expensive to offer dental insurance to our employees until we learned about New Dental Choice. Approximately 10 of our employees participate in the plan. Our employees feel the **discount is reasonable and very inexpensive** for the entire family. Employees also like that they do not have to file a claim with New Dental Choice. We find offering this to our employees is **cost effective and offers them more benefits**. Anne - PDO Randy Ligh, D. D.S., San Jose, California
